

Indicator 12 Documentation for KIAS Review:

If a district is selected for Data Verification (random) the following information below must be uploaded.

If a district Self-Reported, and has since found further information to support compliance, the following information may be uploaded.

The documentation submitted must include the child's last name, and applicable information clearly indicated (i.e. circled, highlighted, or underlined).

1. For children who were eligible and an IEP was written, submit documentation of the child's date of birth and the date of the initial IEP. If the IEP was written after the child's third birthday, submit documentation to support the Federal Exception selected and/or other documentation such as date referred to Part C program or date referred from Part C to Part B.
2. For children who were eligible and an IEP was not written, submit documentation of the child's date of birth and the date of the eligibility determination. If the eligibility determination was made after the child's third birthday, submit documentation to support the Federal Exception selected and/or other documentation such as date referred to Part C program or date referred from Part C to Part B.
3. For children who were not eligible, submit documentation of the child's date of birth and the date of the eligibility determination. If the eligibility determination was made after the child's third birthday, submit documentation to support the Federal Exception selected and/or other documentation such as date referred to Part C program or date referred from Part C to Part B.
