

**21st Century Community Learning Centers
(21st CCLC)
Grant Competition
Appeals Process**

Any applicant may request reviewer scores and feedback from the Kansas State Department of Education (KSDE). If an applicant is dissatisfied with the results, an inquiry or hearing of the review process may be requested within 14 days of official notification of application funding status. The request must be directed to the Kansas 21st CCLC Coordinator (contact information listed in the Request for Application) and must state the reasons for the request. The Kansas State Department of Education will conduct an internal review and share the findings with the applicant within 30 days of the request. All funding decisions are final.
