## INTRODUCING RENAISSANCE HOME CONNECT

### Increase Math Practice and Raise Parental Involvement

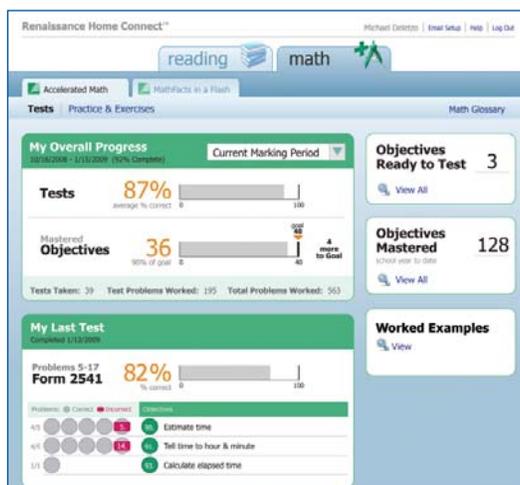

**E**very educator knows that children perform better at school when their parents are actively involved in the learning process. Research supports the importance of parents in education. In fact, studies show that parental involvement is an even better predictor of student achievement than socio-economic status.

**Available  
Exclusively with  
Accelerated Math  
Enterprise**

Renaissance Home Connect links the school to home via the Internet, allowing teachers and parents to work together to ensure students' success. With Home Connect, you can extend math practice beyond the classroom and increase parental involvement in their children's math activities.

By logging on from their computers, parents can access real-time information at home or at work to help them keep their children motivated and eliminate surprises. Home Connect focuses on positive rather than negative information and doesn't put any extra burden on the teacher because it pulls data from your school's Accelerated Math software.

#### With Renaissance Home Connect, students and parents can:

- Receive updates on math progress.
- See results of the last assignment.
- Reprint existing assignments.
- Score current practice assignments.
- Receive TOPS reports.
- Generate next assignments.
- See number of tests taken and problems worked.
- View average percent correct and objectives mastered.
- Monitor progress toward goals.
- And much, much more!

*See other side for details . . .*

# Improve the School-To-Home Connection

Home Connect provides parents with a snapshot of their child's math progress, including average percent correct on tests, number of math objectives mastered, and results on the last test.

**Area**

the number of square units needed to cover a shape.

Definitions combine text, audio, and animation to build conceptual knowledge and understanding of key math terms.

**Objectives Mastered**

| Week Beginning | Objectives Mastered  |
|----------------|--|
| May 7          | <ul style="list-style-type: none"> <li>WP-Subtract money expressions</li> <li>Subtract money expressions</li> <li>Add money expressions</li> <li>WP-Subtract same place-dec</li> <li>Count money</li> <li>WP-Add money expres</li> <li>WP-Add same</li> <li>Add 1</li> </ul> |
| Apr 30         |  |

This screen enables students and parents to view a list of all of the math objectives that have been mastered during the school year and the week in which they were mastered.

**Worked Examples**

Objective 122

Print or Save

WP: DETERMINE THE PERIMETER OF

PROBLEM  
One of the corners of a rectangle got covered by the grass in shown below. What is the area of the shaded region?

STEP 1  
Replicate the figure on grid paper.

Worked Examples build procedural knowledge for math skills by providing step-by-step guidance on how to solve problems for each Accelerated Math objective.

**My Last Session at School**

**Addition of 2, 3** 90%  
average % correct

Accuracy: 36 of 40 Correct (90%)  
Time: 1 Minute, 39 Seconds

Goal: 40 of 40 Correct (100%)  
2 Minutes, 00 Seconds

Correct Problems: 2 + 9 = 11    3 + 7 = 10

Home Connect is also available for **MathFacts in a Flash** to allow students and their parents to view progress and receive extra practice on math facts. (Requires Renaissance Place Edition of MathFacts in a Flash.)

100. A. B. C. D. Not Answered

If the teacher has the scoring preference turned on, students can score assignments from home by filling in the electronic scan card just like they would a paper one.

Students can reprint existing math assignments and exercises. This eliminates excuses for missing homework because they left it at school.
