Workshop in Education	TEEL 670	**Research/Technical Writing	**01105
Freshman Seminar: Junior Research Seminar	UNIV 101 Z17	Seminar	22106
*Because high school lab is usually part of the course, the course number could be the same; however, schools can use the "other" codes in order to distinguish the courses if so desired.			
**Research classes fall under English/Language Arts credits per FHSU.			
<p><b>Research and Writing:</b> KAMS/AMS students will enroll in a Research and Writing course (GSCI 376) and three credit hours of research during the fall or spring semesters. The students in these courses will work on a research project facilitated by a mentor. KAMS/AMS students will be required to submit and present their research via a poster session or other communication format deemed appropriate by the mentor at a research forum. The forum, to be determined by the mentor, may be the Regional Science and Engineering Fair, the Regional Junior Academy of Sciences, and/or the FHSU Scholarly &amp; Creative Activities Day poster presentations or another similar event, (i.e. Kansas Academy of Science meeting). These credit hours are transferred back to the sending school as English/Language Arts credits.</p> <p><a href="https://www.fhsu.edu/kams/documents/22-23-kams-student-parent-handbook.pdf">https://www.fhsu.edu/kams/documents/22-23-kams-student-parent-handbook.pdf</a></p>
