Special Education Directors:

The SFY13 IDEA VI-B allocation chart follows this letter.

Please be advised there could be revisions to these allocations throughout the fiscal year due to ongoing conversations at the federal level. The changes in allocations are a result of enrollment fluctuations or the shifting of service responsibilities between LEAs as allocations are largely determined by each LEA's percentage of total enrollment and percentage of total children living in poverty. Please view pages 21-40 in the Kansas Integrated Accountability System (KIAS) fiscal notebook for an in depth presentation of how the LEA allocations are calculated:

(<http://www.ksde.org/LinkClick.aspx?fileticket=puWNXtXtITo%3d&tabid=2583&mid=7412>)

To better facilitate a more uniform award process this fiscal year, the SES team will send award letters only after LEAs submit and are approved for the SFY13 IDEA VI-B allocations rather than distributing allocation packets at the July Leadership Conference. This change will only affect when directors will receive the award letter and will not delay the timing of the draw down process for IDEA IV-B funds. Further guidance on accessing the SFY13 LEA Application Part I along with the application's dates of availability will be sent to directors via email and discussed during future director calls.

Please contact us if you have any questions or concerns about the new IDEA VI-B award process.

Sincerely,

A handwritten signature in black ink that reads "Colleen".

* General allocation amount is the total allocation less private school proportionate share.

** Coordinated Early Intervening Services is 15% of the combined 3-21 and 3-5 total allocations.

*** The 50% Reduction is zero for most LEAs due to the overall national reduction in Federal VI-B funds. Some LEAs experienced an increase in allocations due to enrollment fluctuations and the shifting of service responsibilities.
