

Activity Bus Compliance Acknowledgement

Kansas law allows Kansas schools to use buses not built to the standards prescribed in the National School Transportation Specifications adopted by the National Congress on School Transportation for an activity bus only. KSA (Kansas Statute Annotated) 72-6486 (c) (3) states "The words "provide or furnish transportation" in addition to their ordinary meaning shall mean and include the right of a school district to: (3) purchase, operate and maintain buses other than school buses for the transportation of pupils, students or school personnel to or from school related functions or activities.

KAR (Kansas Administrative Regulation) 91-38-1 defines "Activity bus" means any bus utilized by a governing body only to transport students to and from school activities as authorized by K.S.A. 72-8301 (c)(3), and amendments thereto. An activity bus may be a color other than school bus yellow. Please note the Kansas Revisor of Statutes transferred KSA 72-8301 to 72-6486 after the regulation was published.

Therefore the use of this vehicle as a route bus to transport students from home to school or from school to home is prohibited by law.

Upon the signed return of this voluntary letter to the seller, you are agreeing that the vehicle will be operated solely for its intended purposes as an Activity Bus.

Please note: The bus must meet all applicable FMVSS (Federal Motor Vehicle Safety Standards), all seats must face forward and the bus shall not be equipped with any tables.
