My name is Heather Gould, the new Education Program Consultant on the Special Education and Title Services team. For those of you who may not know, I have replaced Rachel Beech. Please do not hesitate to reach out to me.

This form covers important such as dropout prevention measures, programs for discharged youth, transition services, needs assessments, staff FTE, and the Title I Part D budget.
 - Prior to inputting data in the application, a district approved user must first allocate delinquent funds to the delinquent facilities that submitted counts for the annual survey last fall. This option is available on the left-hand side under "Facilities Allocation." Allocate funds to each of the eligible buildings, excluding the placeholders for your district office, before saving. Once you have saved you will see all of the available pages of the application. Please reach out with any questions.
