---

---

---

---

---

---

## Checklist item 3:

### Career Technical Education(CTE)

47

---

---

---

---

---

---

---

---

---

---

## Career Technical Education (CTE)

Weighted funding: 0.5 funding x computed FTE based on CTE contact minutes

- classes must be *approved for 0.5 funding* through the Pathways Process
- course # for each class offered must be *exact* match to Pathways
- classes taken at Tech College or Community College – are not funded by KSDE – do not claim them (Ex: Excel in CTE)
- **also not funded: CTE class integrated with non-Pathway/non-CTE course**
- please *follow* the CTE policy on Doubled-up and Nested classes:  
[Double-up and Nesting CTE Courses Policy](#)

48

---

---

---

---

---

---

---

---

---

---

### Career Tech Ed (CTE) - *upload in advance*

current year docs to upload *in advance*:

**Checklist Item #3**

- 9/20 roster for each approved class with correct 16-digit KCCMS #
- HS Master Teacher schedule
- nesting/double-up approvals from KSDE (will be an email) must be by **Oct 15**
- HS Course catalog
- HS Student Handbook
- Bell Schedule (all schedules, including for late start/early release)
- Dual-Credit Courses – need a list (not funded with 0.5 CTE funding)

49

---

---

---

---

---

---

---

---

---

---

### Career Technical Education (CTE)

submit the correct # CTE attendance minutes in KIDS (D46) for *each student*

- weighting is 0.5 x FTE based on average daily minutes student attended an *approved class(es)*
- average daily minutes are rounded to whole, for example:  
42.2 minutes = 42  
42.5 minutes = 43  
42.8 minutes = 43
- *do not include seminar minutes* – enter those on the PBR  
PBR: Principal's Building Report

50

---

---

---

---

---

---

---

---

---

---

### Career Technical Education (CTE)

**Calculating Minutes** – don't forget – this depends on the type of schedule at HS:

- **Same** schedule every day
- **Block** schedule, every other day
- **Modified** block

51

---

---

---

---

---

---

---

---

---

---

## Career Technical Education (CTE)

Help with calculating CTE minutes:

<https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/Fiscal-Auditing>

Don't know where to start? **Start here:**

- is very useful to complete the bell schedule calculator first...
- then complete the CTE minutes calculator
- Optional, but use if they help you

52

---

---

---

---

---

---

---

---

---

---

## Career Technical Education (CTE)

**Bottom-line when calculating CTE minutes:**

You must calculate: *average daily minutes* for each (CTE) class, so...

- if it takes 1 week to get through a schedule, divide by 5
- if it takes 2 weeks to get through a schedule divide by 10
- add minutes from 1 week / divide by 5 = avg daily minutes or
- add minutes from 2 weeks / divide by 10 = avg daily minutes

53

---

---

---

---

---

---

---

---

---

---

## Career Technical Education (CTE)

Don't forget:

- if you have a 4-day school week, still divide by 5 (days)
- Seminar calculation = avg daily # min for seminar / student class periods  
enter seminar minutes on the PBR, *not in KIDS*

Example: 30 min daily seminar / 7 periods = 4.28 = 4 minutes  
4 min per student x 15 students in class = 60 minutes (in PBR)

- CTE-funded course is not funded if integrated with a non-CTE course

Minutes – Enrolled – General Rules

**Keep in mind:**

- calculating FTE:  $\text{Minutes enrolled} / 360 \text{ min} = \text{FTE}$
- FTE is rounded to 1 decimal place (normal rounding rules)
- FTE will not be funded for more than 1.0, *you can provide more*
- if student attends less than 18 minutes, then not counted
- student receiving special education – always 1.0 *unless virtual*
- if concurrently enrolled, then FTE is 300 min not 360 min

69

---

---

---

---

---

---

---

---

### Minutes – Enrolled – How Calculated

- how minutes are calculated depends on the type of attendance:
- **Traditional** (On-Site)
- **Alternative** attendance
- **Virtual 19** and under (minutes) unless Virtual 19 &< HS dropout
- **Special education and virtual** – if both, count regular first, then virtual
- **Concurrently** enrolled students

---

---

---

---

---

---

---

---

---

---

### Minutes Enrolled – Traditional (On-Site)

- Do count:**
- time in class (regardless if full-time or part-time)
  - passing periods, not more than 10 minutes, between classes
  - recess, up to 15 minutes if mid-morning or mid-afternoon (both)
- Do not count:**
- lunchtime and one passing period before or after lunch
  - recess if right before or after lunch
  - breaks (more than 10 minutes)

---

---

---

---

---

---

---

---

---

---

### Attendance – Part-time student

A traditional student can be part-time, but = part-time funding.

- Careful:
- part-time traditional student
  - part-time virtual

= must **submit two (2) GNRLE reports** for each of these students

---

---

---

---

---

---

---

---

---

---

### Minutes Enrolled – Alternative

Attendance (for funding purposes) is based on avg of two days:

- Day 1 is on or before September 19
- Day 2 is on or after September 20 and through end of day Oct 3

Remember:

- attendance should be taken *every day, all year*
- attendance claimed for funding should represent normal day

73

---

---

---

---

---

---

---

---

---

---

### Minutes Enrolled – Alternative

Calculating allowable minutes (for funding purposes):

- take longest day attended on or before Sept 19 (360 min or less)
- take longest day attended on or after Sept 20 - Oct 3 (360 or less)
- average the 2 days: add them together and divide by 2  
= allowable minutes

74

---

---

---

---

---

---

---

---

---

---

### Minutes Enrolled – Virtual, aged 19 and younger

Calculating allowable minutes (for funding purposes):

- longest day attended on or before Sept 19 (360 min or less)
- longest day attended on or after Sept 20, but before Oct 4 (360 min or less)
- average the 2 days: add them together and divide by 2  
= allowable minutes

75

---

---

---

---

---

---

---

---

---

---

### Example – Minutes Enrolled Virtual, aged 19 and younger

#### Example – Full-time student

- If longest day in 1<sup>st</sup> count window = 360 min
- If longest day in 2<sup>nd</sup> count window = 360 min
  
- Then  $360 + 360 / 2 = 360$  minutes
- And  $360 \text{ min} / 360 \text{ min} = 1.0$  full time equivalent (FTE) student

---

---

---

---

---

---

---

---

---

---

### Example – Minutes Enrolled Virtual, aged 19 and younger

#### Example – Part-time student

- Longest day in 1<sup>st</sup> count window = 280 min
- Longest day in 2<sup>nd</sup> count window = 360 min
  
- Then  $280 + 360 / 2 = 320$
- And  $320 / 360 = .888$  and round to .9 FTE

---

---

---

---

---

---

---

---

---

---

### Attendance – part-time student

Careful. If a student is...

- virtual part of the time
- on-site (alternative) part of the time and

the student is really:

- part-time virtual
- part-time alternative

...must submit   records for each of these students

---

---

---

---

---

---

---

---

---

---

80

## Age – Adult Students - Grades

### Adult student defined:

- a student who is over the age of 18 AND whose 5<sup>th</sup> year cohort has graduated or
- any student over the age of 21
- in KIDS – code as ungraded (UG) in Data Field D10

“Adult” definition has nothing to do with funding; but *does* determine the grade entered into KIDS

81

---

---

---

---

---

---

---

---

### Age – Adult Students - Funding

Minutes enrolled (not age) – drives funding for:

- Traditional
- Alternative

Age – IS considered when talking about **Virtual funding**

- 19 and under virtual – fund based on minutes enrolled
- 20 and older – funded based on credits earned
- 19 and under virtual dropout – funded based on credits
- Sept 20 is always the age determination date for virtual

Remote Learning... dont forget...

83

---

---

---

---

---

---

---

---

---

---

### Remote Learning – KSDE expectation

May 11, 2023: was the end date for the declared public health emergency related to COVID-19

KSDE's expectation is:  
the use of remote learning will be an extremely rare occurrence.

84

---

---

---

---

---

---

---

---

---

---

### Remote Learning – KSDE expectation

Remember:

- an individual student...
- because of an *extraordinary circumstance* such as...  
... illness, medical condition, or injury...
- cannot reasonably attend in person

even if that requirement is met; it's a *temporary* way to attend school

85

---

---

---

---

---

---

---

---

---

---

### Remote Learning – Reports to KSDE

Reports are required by state law.

- board clerk or superintendent must certify
- under oath to the state board
- accuracy of report: students who were remote learners
- KSDE audit will coordinate gathering of these reports
- *will ask your plans on pre-audit questionnaire*

### Checklist item 6:

#### At-Risk Weighting and Free Meals

87

---

---

---

---

---

---

---

---

---

---

### (State) At-Risk Student Weighting

- students who qualify for free lunch (data field D34)
- weighting factor: **0.484** (no change)
- to calculate the weighting:  
free lunch headcount x 0.484 (no change)
- **excludes:** virtual, part-time students, students 20 years or older and non-funded preschool students

88

---

---

---

---

---

---

---

---

### At-Risk Student Weighting

Remember: KIDS data field D39 is NOT same as data field D34

D39 = Kansas At-Risk Program *Participation*  
student's **status can change** throughout the school year  
does not generate state at-risk funding (weighting)

D34 = Eligibility for National School Lunch / State At-Risk Funding

89

---

---

---

---

---

---

---

---

### At-Risk Student Weighting KIDS data field D34

- 0 = not eligible
- 1 = eligible for reduced price lunch (lunch app or direct cert w/ Medicaid)
- 2 = eligible for *free* lunch (lunch app or direct cert w/ Medicaid)
- 3 = eligible for reduced price lunch (KSDE Household Econ Survey)
- 4 = eligible for *free* lunch (KSDE Household Econ Survey)

3 and 4: only use for students at CEP school students at school district preschool program and student doesn't participate in reimbursed meals

90

---

---

---

---

---

---

---

---

### KSDE Household Economic Survey...

91

---

---

---

---

---

---

---

---

### KSDE Household Economic Survey

Still exists but...

- cannot be used to qualify students for free and reduced-price meals 24-25
- cannot use prior year (23-24) apps for carryover
- **CAN** use it if you are a Community Eligible Provision (CEP) school to qualify students for State At-Risk Funds
- **CAN** use it for a USD preschool program if the program or child does not participate in CACFP/SNP reimbursement or meals

2024-2025 Household Economic Survey

Do not complete this form unless you are directly certified to receive free meals or if you have received a Child Nutrition Program State Eligibility Application.

For your school to receive specific state and federal benefits and funding, you must fill out this form.

This form is used to determine if a child is eligible for free or reduced-price meals. It is used to determine if a child is eligible for free or reduced-price meals.

**Use only for:**

- CEP or
- Preschooler who doesn't participate in meals

### At-Risk Verification

your KSDE auditor will check whether:

- 3% of income eligibility forms must be verified
- **Nov 15** is deadline for verification
- if not verified, then 3% reduction in at-risk count/state funding

93

---

---

---

---

---

---

---

---

## High-Density At-Risk Weighting

Will be calculated at both the district and building level and will be the higher of:

- if free lunch % is 35% or more but less than 50%, then take the number of free lunch students times (free lunch % minus 35%), then times 0.7
- if free lunch % is 50% or more, then take free lunch times 0.105

(funding continued through July 1, 2027)

---

---

---

Bilingual Weighting will be based on whichever is greater:

- FTE enrollment (based on contact minutes) x 0.395 **or**
- English Learner headcount x 0.185
- not an option for district to choose – KSDE will calculate both
- therefore, districts still must report bilingual contact minutes

108

---

---

---

---

---

---

---

---

---

---

### Bilingual - Weighting

Use care in reporting Bilingual **contact** minutes:
