SUMMARY**

VISION: All children will learn, grow and develop to realize their full potential.

Parents as Teachers is an evidence-based parent education and family engagement model serving families throughout pregnancy until their child enters kindergarten. Families receive personal visits typically in their homes from certified parent educators; group meetings; developmental, health, hearing and vision screenings; and linkages with community resources. The model has four goals: to increase parent knowledge of early childhood development and improve parenting practices; provide early detection of developmental delays and health issues; prevent child abuse and neglect; and increase children's school readiness and school success. It is adaptable to the needs of diverse families, cultures and special populations.

EXITING FAMILIES			WAITLIST AND ATTRITION	
◆ Total number of families who exited this program year	2062		◆ Number of families waiting for services:	953
◇ Reasons for Exit			◆ Family attrition rate (includes families who moved out of service area) ¹ :	14%
◆ The enrolled child(ren) aged out (or graduated)	1032	50%	◆ Family attrition rate (excludes families who moved out of service area) ¹ :	9%
◆ The child and/or family transitioned to another early childhood or family support program (without aging out or graduating)	101	5%		
◆ The child and/or family moved out of the service area	371	18%		
◆ The family regularly missed scheduled personal visits	135	7%		
◆ The family could not be located	98	5%		
◆ The family no longer wants to receive services	135	7%		
◆ The family left the program for other reasons/unknown	198	10%		

Note 1: Because moving out of the service area is not a reason for exit that can be controlled by a PAT service provider, the annual attrition rate has been calculated both ways (with families that exited due to moving included and excluded from the calculation). Also note that the attrition rates reported here are based on only one program year.
