# **2023-2024 Budget General Information**

**USD #: 200**

## **Introduction**

With a total student population under 275, USD #200 is a small district located 15 minutes from the Colorado boarder. Greeley County Schools is the lone attendance center and located in the county seat of Tribune. The nearly 800 square miles served by the district are in an area that is primarily agriculturally based. This district is progressively working to meet the ever-changing needs of our students and stakeholders. Greeley County Schools has a strong commitment to 21<sup>st</sup> century learning in conjunction with utilizing industry standard technology and tools. Students enjoy a low student-to-teacher ratio nearing 12 to 1. We continue to invest in our students and facilities to make Greeley County Schools a safe and welcoming environment.

## **The District's Accomplishments and Challenges**

**Accomplishments:** The district continues to increase the number of concurrent college courses offered to better serve our students. We have growing CTE programs and increased opportunities for students to gain on the job experience. Students also participate in a Community Workday, service projects and volunteer opportunities throughout the school year to increase social-engagement and further learn the importance of giving back to the community that supports them and the school. Attendance and Graduation rates are regularly over 90% but often are higher than 95%. A remodel of the elementary building was completed in the fall of 2011. This building uses a geothermal heating and cooling system, along with superior insulation and windows, to provide a comfortable yet energy efficient space. The learning environment is enhanced with smart boards in every classroom. We are currently working on an HVAC upgrade in the high school that will further increase our efficiency and safety of our environment through improved air quality.

**Challenges:** Greeley County Schools continues to battle challenges of fluctuating enrollment, teacher recruitment, rising health care costs. The staff continues to perform admirably. However, student achievement has seen a decline through COVID-19 and we are working to reverse the trend. We have also seen chronic absenteeism increase during this time and are working on reversing the trend. We have seen improvement but are also implementing Intervention time to work on specific student needs. Advances in technology are becoming difficult to maintain, as funding sources are limited.
